Expert Mouse® Pro Wireless

Turbo Mouse® Pro Wireless

.....
Wireless Trackballs

Put maximum trackball power wherever you want it—on your desk or off. Enjoy the ultimate freedom of wireless connectivity with the Expert Mouse® Pro and Turbo Mouse® Pro Wireless Trackballs.

Sit back and relax, trackball in your lap, by your side, or anywhere you want to put it, thanks to radio frequency technology. You'll have the all the power and versatility of our most popular trackballs, plus a clutter-free desktop and the option to work where you choose. Kensington brings you all the power you need in trackballs you love to use.

"Unleash" your productivity

- Enjoy ultimate flexibility with our premiere trackballs and put even more power on your desktop...or on your lap.
- Radio frequency (RF) connection, similar to that used by cordless phones, allows you to work freely anywhere within 6 feet of your computer
- Six DirectLaunch™ buttons instantly launch favorite Web sites or open applications with a single touch
- Four comfortable mouse buttons are programmable to save you time and energy
- Large ball and stainless steel bearings deliver precise cursor control
- Integrated scroll wheel speeds through long documents and Web pages
- USB connectivity; also PS/2 connectivity for Expert Mouse Pro Wireless

64245 Expert Mouse® Pro Wireless
64240 Turbo Mouse® Pro Wireless

Enjoy single-click solutions with MouseWorks® software

The Expert Mouse® and Turbo Mouse® Pro Wireless trackballs are powered by the award-winning MouseWorks® software, now compatible with Mac® OS X.

- Create convenient, single-click solutions to repetitive mouse tasks
- Change cursor speeds.
- Drag, scroll, or highlight automatically
- Save time with popup menus

USB for PC/Mac

Bestsellers from Kensington

Since their introduction into the PC and Mac markets more than a decade ago, Turbo Mouse and Expert Mouse trackballs have experienced unprecedented popularity with 64213 our customers. We've continued to refine and enhance the basic four-button, large oversized ball design to keep pace with technology and to make computing easier, faster and more productive for our users. With wireless connectivity, our flagship trackballs continue their state-of-the-art reputation for excellence. 64214
