

Product Specification Sheet

Targus Bluetooth® Laser Mouse for Mac®

Part #: AMB08US

Product Description:

The ultimate ease in wireless connectivity. Bluetooth technology liberates you from the need for a USB receiver, making connecting a breeze and preserving a port for your other devices.

Laser technology with 1200 dpi delivers high-precision cursor movement on just about any surface. Featuring 4-way touch scroll for silky smooth navigation, using the latest touch sensitive technology, and dual programmable buttons for individualized one-click access to favorite functions, programs or AppleScripts®.

Product Features and Specifications:

- **Four-way Touch Scroll** – Smoother, more rapid scrolling is at your fingertip with 4-way touch sensor technology replacing the scroll ball or scroll wheel. Move easily around Numbers® spreadsheets, maps, photos or any app with a left-right or up-down scroll bar. Engage the quick scrolling function to rapidly scroll up and down through lengthy documents with a quick slide of your fingertip. With easier finger motion, a light touch is all it takes to get where you need to go.
- **Dual Programmable Buttons** – Make your mouse all your own with customizable one-touch access to your favorite applications, functions or an AppleScript®. Instant access to your iTunes® or Safari®, cut and paste or use the mute control – the possibilities are endless. Both buttons are located on the side of the mouse for quick, intuitive and convenient access.
- **Bluetooth** – The ultimate ease in wireless connectivity. Bluetooth technology liberates you from the USB receiver, making connecting a breeze and preserving the USB port for other devices.
- **Laser technology** - More accurate and higher precision than optical mice, laser technology delivers precise cursor movement, and can be used on just about any surface. Stay smooth and on track, no matter how bumpy things get.
- **Ergonomic design** - Sleek shape and just-right sizing please the hand as well as the eye. Supportive curves cradle your hand and help prevent repetitive stress injury.
- **RoHS Compliant** – Yes
